

Interested in learning how **engineering and design** can solve real world problems? Want to be a **biotech entrepreneur** this summer?

Apply to the **Hk Maker Lab** **2026 Summer Program**

The Hk Maker Lab, in partnership with Columbia Engineering's Summer High School Academic Program for Engineers (SHAPE), is a free two-phase summer experience in engineering design and health innovation for students graduating in 2027 or 2028. Phase 1, SHAPE, introduces students to engineering design through hands-on projects and real-world problem solving. In Phase 2, the Hackathon for Health Equity, students apply their skills to develop innovative solutions that address health disparities. Get ready to invent, build, and discover!

Dates: July 6 - August 7, 2026

Location: Columbia University

Application Deadline: December 5, 2025

For inquiries email: hello@hypothekids.org
